My dear Dr. Gray

As I believe you have no large-sized photograph of Mr. James, I have had one plainly framed for you & beg you to accept it for your gallery of 33 Statists.

I was very sorry to miss Mrs. Gray's call. I was urged to walk out to get a breath of the west wind & while absent from the house for ten minutes Mrs. Gray came. The girls were both engaged at the moment with other visitors & when Ella was released & got down stairs Mrs. Gray had gone. I hope she will come soon again, & find me in.

as I am seldom long away from home

With much love to her

very truly yours
